

Math Buddies

October 5, 2022

Math Buddies is a math mentoring program for elementary students. Volunteers from Burnaby North give their time to help elementary students with Math (homework, extra work, skill development, enrichment).

We will supervise the students and mentors in the classroom during the program. Space is limited, so we do request a commitment from students and families to attend.

To participate, please fill out the bottom of this form and return it to your child’s classroom teacher.
